

Official Danish Qualifying Regelsæt 2019 – Sorø Sø – Tuelsø

ENGLISH VERSION

Like last year, the qualification will be held over two weekends in May and June 2019, where a department will be fished in Sorø Lake and one in Tuelsø.

The winning team (which has accumulated most points from both departments) wins the participation in WCC in France on 23-28. September 2019 and represents Denmark as **the only official Danish team.**

The draw will run on 24.05.2019 at 15.00 at SLF's clubhouse and at Tuelsø and on 14.06.2019 at 15.00 at the boat bridge. At least one of the participants from each team must be in place.

- At both departments, lots are drawn about the draw order
- Then you draw lots about the pegs - there would be as many seats as there are teams and you do not choose the place.
- Each team fishes from the place they have drawn throughout the weekend and there is no way to switch or change places.

Fishing time

- Both weekends will be fished from Friday at 15.00 (after the draw) until Sunday at 12.00.

General rules

- **3 rods** pr. participant
- **Unhooking mat must be used** on land and in the boats.
- **Life jackets are required** when sailing.
- **Retainer-sling** must be used when storing fish - **sacks are not allowed** - **min. 2** retainer per team
- **Only the two registered participants** per team can catch fish, sail tackle you, feed etc - **no assistant (guests are allowed)**
- It is **not allowed to switch participants out during the competition** - **but it is allowed to change one of the participants between the first and second department** - this must however be announced to the WCC's organizational team that must grant permission.
- You can **only fish the peg area** - see charts with zones
- Own boat must be used and at the same time it would **be possible to rent a boat through Sorø fishing association. (the fishing club)**

Weigh

- Official Weighing of fish will be twice a day - 8 am and 6 pm (morning and evening.)
- Each fish that is caught must be notified via telephone call or SMS to the weighing team where the team name and peg must be specified
- When catching large fish (over 15,000kg) or when all retainerslings are used, the weighing team must be contacted immediately
- **The road team only comes to the places that have caught fish.**

Waste on the pegs

- **WASTE Banned** - there are garbage bags for all teams. All waste must be taken back to the collection point at the end.
- **Breach** of this agreement will **result in exclusion from the competition.**
- **It is the participants' duty** to keep the seats neat and tidy
- The public also has access to both waters during the competition
- **Please remember to make room for each other**
- It contributes to the carp fishing promotion in Sorø and throughout the country.

Scoring

1. department Sorø Lake

1st place - total weight of the 3 largest fish - 20 points (highest total weight)

2nd place - total weight of the 3 largest fish - 19 points (second highest total weight)

3rd place - total weight of the 3 largest fish - 18 points (third highest total weight)

20. space - total weight of the (xx) largest fish - xx points (all teams not catching fish get 0 points - 3 points during the last team with registered fish - ie catches 8 teams fishing is the scale 20-19-18 -17-16-15-14-13 ... 0-0-0-0.

2nd section at Tuelsø

1st place - total weight of the 3 largest fish - 20 points (highest total weight)

2nd place - total weight of the 3 largest fish - 19 points (second highest total weight)

3rd place - total weight of the 3 largest fish - 18 points (third highest total weight)

20. space - total weight of the (xx) largest fish - xx points

End Result

1st place - the team with the most points from both departments

If two teams have equal points, then it is the overall weight of both departments that is crucial. Also, the weight is just the largest fish.
